

# ➤ Safety Training for Drivers

Special Fire, Evacuation and First-aid

## The Training Bus

Helping you to react quickly and efficiently in the event of an accident

**AGORA**  
formations

## Transporting people also means ensuring their safety!

Your drivers need to be able to react quickly in the event of an accident and be able to efficiently organise evacuation procedures, in order to ensure **passengers' optimum safety**.

This is why AGORA Training Centre (AGORA Formations), workplace safety specialist since 1999, developed the Training Bus, **exclusively designed for training bus drivers**. It is the only training tool of its kind in Europe.

The Training Bus is extremely innovative, as it allows drivers to **experience evacuation conditions, when the bus is lying on its side**.

## Choose the best training program to ensure your passengers' safety

Choose one of our Training Bus programs, so that your drivers can become real lifesavers in the event of an accident:

24/7 training program available nationwide in France

### Evacuation

#### Evacuation Training Program for a vehicle that has been involved in an accident

Learn how to evacuate passengers after a road accident in optimum safety conditions, regardless of the bus' position.

### First-aid

#### First-aid and Evacuation Training Program

Learn how to evacuate passengers and take care of casualties until the emergency services arrive.

### Fire safety

#### Fire Safety and Evacuation Training Program

Learn how to react in the event of a fire after a road accident. Learn how to evacuate, as well as ensure casualties' safety until the emergency services arrive.
